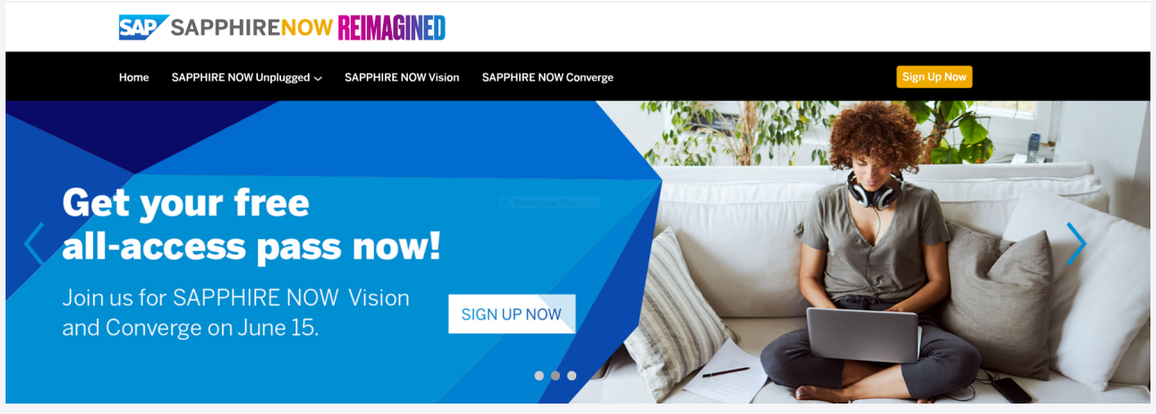
Mindset Special Edition:
SAPPHIRENOW and ASUG Forward

Starting Monday, June 15th the SAP community will have the opportunity to attend what promise to be two remarkable virtual SAP conferences:

SAPPHIRE NOW Kicks off June 15-18



Mindset is a Silver Sponsor!

The entire Mindset team is excited to participate in SAPPHIRE NOW Reimagined. The free event is being held virtually on June 15-19, 2020, including 11 different channels that each will focus on different aspects of creating and reshaping your business through speaker keynotes, customer stories, product demos, round tables, and much more.

Registration is Free and Open Here

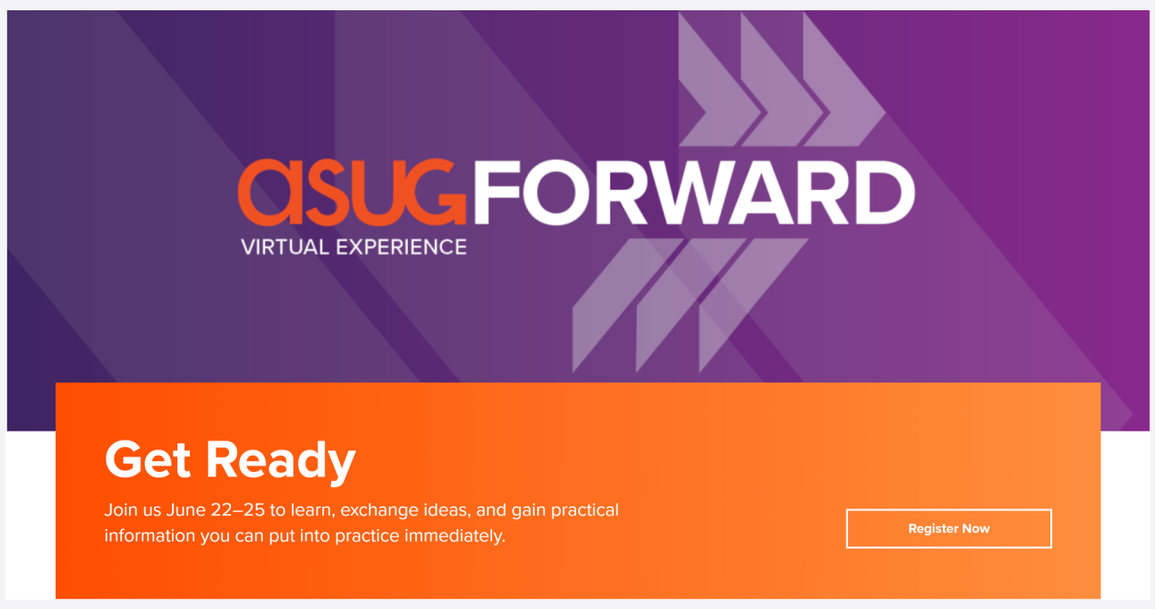
June 15th Kick off Highlights
June 15, at 11:00 a.m. ET SAP CEO Christian Klein will host SAPPHIRE NOW Vision. Get direct SAP strategy and insight from Christian Klein, CEO of SAP SE, who will share his view on SAP innovation, partnerships, and customer success stories relevant for the current marketplace. Then enjoy an exclusive interview and musical performance from special guest: Sting!

SAPPHIRE NOW Converge kicks off following SAPPHIRE NOW Vision:
SAP's new digital network is designed to help you find and make the right connections while getting answers to the topics that matter to you.

Channel premiere dates are below:
June 15: Intelligent Enterprise, Experience Management
June 16: Enterprise Resource Planning, Industries, Customer Experience
June 17: Finance, Human Resources, Procurement
June 18: Business Technology Platform, Supply Chain and Manufacturing, Small and Midsize Enterprises

Mindset is a Silver Sponsor of the Manufacturing and Supply Chain Track. Visit the on-demand content in the Sponsor area to see Mindset's new video overview!

ASUG FORWARD Kicks off June 22nd.



Mindset is a Silver Sponsor!

Mindset team is also excited to participate in ASUG FORWARD taking place from June 22-June 25. ASUG FORWARD will feature a week of content that will help you and your organization with sessions that include timely thought leadership mixed with practical lessons. ASUG FORWARD's content is divided into 5 tracks!

- Supply Chain and Manufacturing
- Employee Experience and Human Resources
- Sales and E-Commerce
- Finance and Procurement
- IT Operations

Registration is Free to ASUG Members and Open Here!

Session Highlights:

June 23, at 11:40 a.m. CT
Session: Using Mobile Apps to Enable a No-Contact Supply Chain
Jonathan Bragg – Director of Software Solutions, Mindset
This 10-minute session will cover utilizing mobile apps and dashboards in SAP environments to provide real-time insights of the location of goods in your supply chain while providing touch-free check-ins, keeping drivers and workers safe. Learn about utilizing phone-based apps for the check-in/check-out of drivers bringing goods in and out of warehouses, plants, and manufacturing facilities, helping accelerate your supply chain while staying safe. You'll also hear how to use real-time dashboards for greater visibility.

June 23, 11:50 a.m. CT
Cargill's Lessons Learned: Value Realization with SAP Integrated Business Planning for Supply Chain
Angela Olson – Global Solution Owner and Architect - Supply Chain Planning, Cargill, Incorporated
This session highlights Cargill, Inc.'s journey with the SAP Integrated Business Planning for Supply Chain solution, including its unique approach to addressing the needs of its various industry-spanning businesses in process and technology. Best practices, value realization progression, and lessons learned through years of implementations will be shared.

June 25, 11:15 a.m. CT
Sustaining Employee Engagement Through the Twists and Turns of 2020
Jonathan Thompson – Director Talent Acquisition, The Johns Hopkins University and Medicine
Debbie Stock – Customer Engagement Executive, SAP SuccessFactors
Join this interview-style session to learn actionable takeaways to continually invest in employee engagement and navigate beyond the COVID-19 forces acting on organizations today. Johns Hopkins University and Medicine, a complex and highly visible enterprise, responded quickly to the demands proven out by the pandemic. The mental and emotional impact combined with the ever-changing regulatory dynamics shattered the mindsets and practices beyond the boundaries of the organization and settled in the employees' homes. Hear about the importance of organizational values in sustaining commitment.

Mindset is a Silver Sponsor of the Supply Chain and Manufacturing Track.
